

DIGITAL CAREERS

CALDERDALE

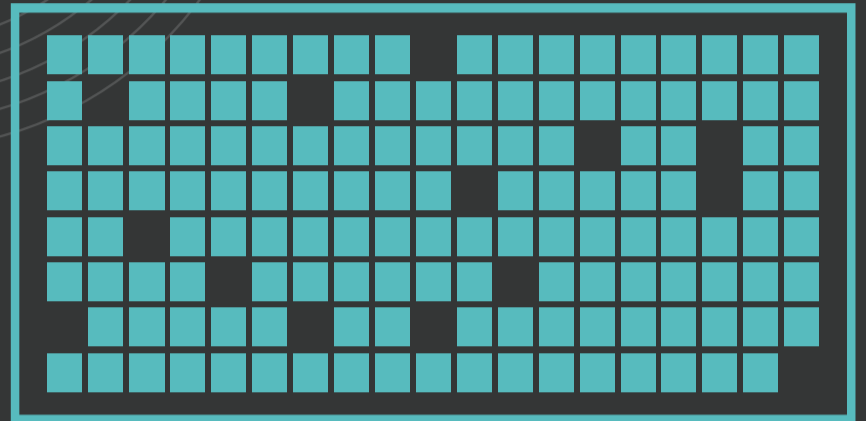

WHAT IS A DIGITAL CAREER?

Most jobs now involve using a computer. A digital job is one where your main role is working on or with computers.

There are digital jobs for people whatever their skills and interests, whether it's...

- > Film, TV or music technology
- > Websites, social media and computer games
- > Computer networks and security
- > System development and programming
- > Data analysis

SKILLS & QUALITIES

- > Good at problem solving
- > Innovative
- > Patient and persistent
- > Willing to keep your digital skills up to date

Develop your digital skills by...

- > Starting a digital course or apprenticeship
- > Doing voluntary work
- > Watching YouTube tutorials (they are available in a range of digital subjects)

SO, WHAT JOBS COULD YOU DO?

- > DevOps engineer
- > Forensic computer analyst
- > Network cable installer
- > Software developer
- > TV or film sound technician
- > UX designer

And many more..!
